

Index of Subjects

Volume 112, 1983

- Acquired immune deficiency syndrome (AIDS)**
autopsy pathology, 357
- Addicts**
renal amyloidosis in, 195
- AIDS**, 357
- Amyloid A proteins**
metabolism in monkeys, 243
- Amyloidosis**
renal, in drug addicts, 195
- Anaphylatoxins**
potentiation of, 48
- Animal models of human disease**
bancroftian filariasis, 383
hereditary sensory neuropathy, 136
neurofibromatosis, 238
- Antibodies**
in active model of *in situ* immune complex glomerulonephritis, 185
avidity of, and glomerular immune depositions, 155
to intermediate filament proteins, 160
- Aorta**
aneurysms induced by theophylline, 258
death of endothelial cells in, 278
- Arthritis**
streptococcal, 37
- Asbestosis**
murine model of, 326
- Autoimmunity**
and mononuclear phagocytes in motheaten mice, 18
- Bethanechol chloride**
and pancreatic carcinogenesis, 178
- Bleomycin**
pulmonary fibrosis from, 170
- Carbonic anhydrase**
in sweat glands, 251
- Carboxypeptidase N**
inhibitors of, 48
- Chondrosarcoma**
differential diagnosis of, 160
- Chordoma**
differential diagnosis of, 160
- Chylomicrons**
metabolism of amyloid A proteins in, 243
- Collagen**
platelet interaction with, 200
- Complement**
and monocyte binding to intermediate filaments, 267
- Cystic fibrosis**
and carbonic anhydrase in sweat glands, 250
- Cytomegalovirus**
and progressive glomerulonephritis, 313
- Diabetes**
and effects of insulinoma transplantation, 1
- Diethylnitrosamine**
and hepatocarcinogenesis, 89
- Drug addicts**
renal amyloidosis in, 195
- Dystrophy**
myotonic, necrosis in, 294
- Electron microscopy**
of lavage cells in sarcoidosis, 7
of monocytes interacting with tumor cells, 101
of theophylline-induced aortic aneurysms, 258
- Endothelium, vascular**
cell death in, 278
pulmonary, injury and repair of, 224
- Endotoxin**
and ischemic bowel necrosis, 127
- Enterocolitis**
necrotizing, experimental, 127
- Ependymoma**
differential diagnosis of, 160
- Erucic acid**
cardiac lipidosis from, 68
- Fibroblasts**
phenytoin sensitivity of, 218
- Filariasis**
bancroftian, animal model of, 383
- Gingiva**
fibroblast responses to phenytoin, 218
- Glomerulonephritis**. *See* Kidney
- Granulocytes**
vitamin E affecting, 287
- Granulocytosis**
tumor-associated, 231
- Granulomas**
sarcoid, 7
- Heart**
erucic acid-induced lipidosis in, 68
- Hurler syndrome**
feline, 27
- Immune complexes**. *See* Antibodies
- Immune system**
acquired immune deficiency syndrome (AIDS) and, 357
- Immunoglobulins**
in skeletal muscle, 294
- Immunohistochemistry**
of antibodies to intermediate filament proteins in tumors, 160
of carbonic anhydrase in sweat glands, 250
of granular cell tumors, 139
- Insulinoma**
transplantation into diabetic rats, 1
- Intermediate filaments of cells**
antibodies to proteins of, in tumors, 160
monocyte binding to, 267
- Intestines**
experimental ischemic necrosis, 127
jejunal lymphocyte activity in tropical sprue, 302
- Ischemia**
and bowel necrosis, experimental, 127

and renal injury, cellular recovery after, 338

Kaposi's sarcoma

in acquired immune deficiency syndrome (AIDS), 357

Keratin

antibodies to, in tumors, 160

Kidney

active model of *in situ* immune complex glomerulonephritis, 185
amyloidosis in drug addicts, 195
antibody avidity and glomerular immune deposition, 155
ischemic injury of, and cellular recovery, 338
progressive cytomegalovirus glomerulonephritis, 313
in twitcher mouse, 147

Lavage cells

in sarcoidosis, 7

Leukodystrophy

globoid cell, murine, 147

Lipidosis

cardiac, euristic-acid-induced, 68

Lipoprotein

high-density, amyloid A protein metabolism in, 243

Liver

hepatocarcinogenesis, 89

Lungs

fibrosis of
bleomycin-induced, 170
radiation-induced, injury and repair in, 224
injury from platelet-activating factor or AGEPC, 78
lavage cells in sarcoidosis, 7
metastases to, and granulocytosis, 231
in murine asbestosis, 326
treatment with cobra venom factor and carboxypeptidase inhibitor, 48
vascular lesions in ARDS, 112

Lymph nodes

in twitcher mouse, 147

Lymphocytes

activation in tropical sprue, 302

Lymphoma

in acquired immune deficiency syndrome (AIDS), 357

Microtubules

platelet, 207

Monocytes

binding to intermediate filaments, 267
interaction with tumor cells, 101

Mothaten mice

mononuclear phagocytes in, 18

Mucopolysaccharidosis I

feline, 27

Muscle

necrosis in myotonic dystrophy, 294

Myelin proteins

in granular cell tumors, 139

NADPH oxidase

in phagocytic leukocytes, 287

Narcotic addicts

renal amyloidosis in, 195

Necrosis

ischemic, of bowel, experimental, 127
in myotonic dystrophy, 294

Neoplasia

and antibodies to intermediate filament proteins, 160
granular cell tumors, 139
hepatocarcinogenesis, 89
insulinoma transplantation into diabetic rats, 1
interaction of monocytes and tumor cells, 101
oxygen tension in, 61
pancreatic carcinogenesis, 178

tumor-related granulocytosis, 231

Nervous system

proteins in granular cell tumors, 139

Neurofibromatosis

animal model of, 238

Neuropathy

hereditary sensory, animal model of, 136

Oxygen tension

in tumors, 61

Pancreas

carcinogenesis in, 178

Phagocytes

mononuclear, in mothaten mice, 18

Phagocytosis

and NADPH oxidase in leukocytes, 287

Phenytoin

fibroblast response to, 218

Placenta

antigen related to type C retrovirus p30 in, 347

Platelets

activating factor
and ischemic bowel necrosis, 127
lung injury from, 78
collagen interaction with, 200
microtubule stabilizing agent in, 207

Protein

amyloid A
in drug addicts, 195
metabolism in monkeys, 243
in granular cell tumors, 139
intermediate filament, antibodies to, in tumors, 160

Radiation

pulmonary fibrosis from, injury and repair in, 224

Retrovirus

type C, in placentas, 347

S-100 protein

in granular cell tumors, 139

Sarcoidosis

lavage cells in, 7

Spleen

mononuclear phagocytes in mothaten mice, 18

Sprue

tropical, lymphocyte activation in, 302

Streptococci

group B, arthritis from, 37

Sweat glands

carbonic anhydrase in, 250

Theophylline

inducing aortic aneurysms, 258

Tumors. See Neoplasia

Vasculature

cell death in endothelium of, 278
pulmonary endothelial injury and repair, 224
pulmonary lesions in respiratory distress syndrome, 112
theophylline-induced aortic aneurysms, 258

Vimentin

antibodies to, in tumors, 160

Viruses

antigen related to type C retrovirus p30 in placentas, 347
progressive cytomegalovirus glomerulonephritis, 313

Vitamin E

and granulocyte function, 287

Wuchereria bancrofti

infection in monkeys, 383

Index of Authors
